

Herd Immunity and the Beloved Community

SCIENCE, FAITH, & INFECTIOUS DISEASE CONTROL

Tuesday, August 24 ■ 6:30 pm to 8:00 pm EDT

How can our faith concepts of the common good - including Martin Luther King, Jr.'s vision of the Beloved Community – support public health? In particular, how can it enable us to achieve the critical public health goal of herd immunity against COVID-19 through vaccination?

Join this conversation among infectious disease specialists and faith leaders to explore these questions and spur action toward saving lives.

Presenters include:

Dr. Dial Hewlett, Jr.

Medical Director, Division of Disease Control, Westchester County Department of Health
Member, COVID-19 Task Force of the National Medical Association

Dr. Uzma Syed

Chair, COVID-19 Task Force
Core Group Member, Faiths4Vaccines

Rabbi Dr. Jason Weiner

Senior Rabbi & Director of the Spiritual Care Department, Cedars-Sinai Medical Center
Member, Executive Committee, Cedars-Sinai Bioethics Committee

Dr. Nathaniel Hibner

Director of Ethics, Catholic Health Association

Dr. Chris Palmedo

Faculty Fellow, Clinical Professor, CUNY School of Public Health
