### PURPOSE

Every spring, CUNY Graduate School of Public Health and Health Policy (CUNY SPH) conducts a survey of alumni from the first year following graduation. The survey asks alumni to evaluate their experiences at CUNY SPH and to report professional and educational achievements since graduation. Survey insights are used to plan and strengthen curriculum and support services.

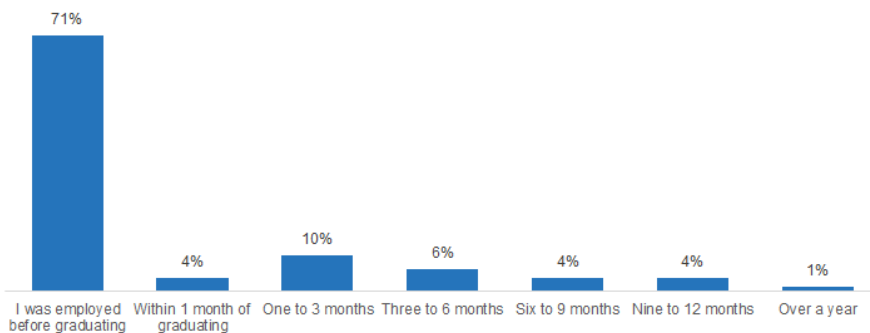

In Spring 2022, MPH, MS, DPH, and PhD alumni who graduated in 2020—2021 received an invitation with a link to an online survey. Of the 221 who were contacted, 86 alumni responded to the survey, yielding a 39% response rate.
