MEMORANDUM

TO: Andre Brown, University Director of Public Safety
FROM: John Flaherty, Director of Public Safety
SUBJECT: Presidential Approval Letter – CUNY School of Public Health and Health Policy

The attached document, the CUNY School of Public Health and Health Policy 2024 Annual Security Report, is completed and is being submitted to the U.S. Department of Education as required by law. This report includes crimes reported to Public Safety, Campus Security Authorities and data received from the local NYPD Precincts for 2021, 2022 and 2023. The report also contains University policies regarding the reporting of crimes, emergency notifications, timely warnings and other procedures including but not limited to all required information in compliance with Title IX. It has been prepared by my office and has been reviewed by the Office of University Public Safety. To the best of my knowledge and belief, it is a complete and accurate document. The attached report, absent any requested changes, will be published prior to October 1, 2024.
